NATIONAL 4-H WEEK

In 4-H programs, kids and teens complete hands-on projects in areas like health, science, agriculture and civic engagement in a positive environment where they receive guidance from adult mentors and are encouraged to take on proactive leadership roles. Kids experience 4-H in every county and parish in the country through in-school and after-school programs, school and community clubs and 4-H camps. 4-H's reach and depth are unmatched,

reaching kids in every corner of America – from urban neighborhoods to suburban schoolyards to rural farming communities. With a network of 500,000 volunteers and 3,500 4-H professionals providing care and mentorship to all 6 million 4-H'ers, 4-H is influencing and helping students grow into true leaders today and in life. Grange Co-op is proud to support these students, along with the staff and volunteers supporting them.
